NexCafe'

GUEST RELATIONS / POLICY

Trust & Security Policy

Dear Guest,

Your trust is our highest priority. We understand that pre-paying for your meal requires confidence, and we want to assure you of our commitment to transparency, security, and outstanding service.

Why We Implement the 50% Prep Deposit:

1. **Ingredients Curation & Zero-Wastage:** NexCafe' works directly with local, family-owned biodynamic farms and independent purveyors to source fresh, organic, seasonal ingredients. When you pre-order, our kitchen team reserves and prepares these ingredients specifically for your table. The 50% deposit ensures we can sustain our commitment to zero food wastage and fair trade with local farmers.
2. **A Seamless Fine Dining Experience:** By pre-ordering and paying the deposit, your selected dishes are partially prepared before you even arrive at the restaurant. Only the delicate final touches by our Head Chef are executed once you are seated. This ensures you do not have to wait, allowing you to relax and enjoy the culinary journey immediately.

Payment Security:

Our payment gateways are fully PCI-DSS compliant, encrypted with 256-bit Secure Socket Layer (SSL) technology. We do not store your credit card or bank details on our servers.

Our Guarantee:

If you face any technical billing issue, reservation overlap, or request a cancellation in accordance with our policy (up to 24 hours prior to your reservation time), you are legally protected and fully eligible for a refund.

If you have any questions or require support, please contact our guest relation team:
